PROPER WORK ATTIRE

Working safely requires the wearing of attire that will not cause a safety hazard.

Loose clothing and dangling chains can pose a serious threat in the workplace.

Depending on the job, rings can pose a hazard. Wrist watches and bracelets should allow for "*break away*" to prevent injuries.

AVOID FLOPPY CLOTHING AND JEWELRY POSING A SAFETY RISK.

On February 1, 2012, Kinder Morgan will be rolling out a jewelry policy to take effect at all their terminals.

WORK SAFE - COVER UP OR REMOVE JEWELRY WHERE REQUIRED.
