IF THERE ARE SHORTAGES OF NON-TRADES & TRADES WORKERS IN DECEMBER...

If there are shortages of non-trades workers in December, the Officers have decided to allow workers with 2496 hours to be called by the Union Despatch Coordinators when no other qualified workers are available so other workers may be put to work.

If you are interested in being called by the Despatch Coordinators for work after you reach 2496, please see the Despatch Coordinators to make yourself available.

You will be asked to provide your name, employee number, Board, phone numbers, shift preference and ratings. This information will be held by the Union and only the Despatch Coordinators and Business Agents are authorized to use this list.

People on the *Over 2496 List* will be despatched after every other non-trades worker has had an opportunity to go to work.
