Lashers and Bombcarts

Bunny Bus Drivers are normally hired for an early start to accommodate change over and have the Bunny Bus ready to take out Lashers and Bombcart Drivers on time.

When the Bunny Bus is **not hired for an early start**, do not expect that he/she will start prior to the shift start time. If the Company pays them to start early then they are expected to start early. If they are not paid for the early start then they **do not start early**.
