## **Longshore Worker Accepts Apology from the Princeton Pub**

Earlier this afternoon, a meeting was held between Local 500 Worker Ricky Ponte and representatives from the Princeton Pub. Members of Local 500's Human Rights Committee were also present.

This meeting was called at the request of Ricky who wanted the opportunity to address the issue at hand and provide some education.

At the conclusion of the meeting, Ricky asked that the boycott of the Princeton Pub be removed as he felt that he had been heard and had received heartfelt apologies from the Princeton staff.

Ricky wishes this to be a learning experience for all.

He said unions should support unions. The staff at the Princeton Pub belong to UNITE-HERE Local 40.

**DO NOT Boycott the Princeton Pub**
