## **BCMEA Vacation Rules:**

- You must book off 4 or more consecutive days (as long as you have at least that many days available).
- If you have less than 4 days, you must report the full allotment at one time in a consecutive day grouping.
- You may report as far into the future (current year) as you like.
- You can only go back a max of 7 days - the day you come in to report counts as one of the 7 days.
- ALL VACATION FOR 2022 MUST BE REPORTED BY NOON ON DECEMBER 23, 2022 AS PER BLACK BOOK DOC #66

## **Stat Calculation Information:**

In 2015, the Federal Government changed the way that Longshore workers calculate their eligibility for statutory holiday pay. The above table shows the date of the stat and which days will count towards that stat.

- 15 full 8 hr shifts or more in the counting period equals 8 hrs pay for the stat.
  - 14 shifts or less in the counting period equals 1/20th of a day's pay for each shift worked up to 14/20ths.
  - For example, if you worked 8 shifts you will get 8/20ths pay for the stat.
- The actual calculation is more involved. A document explaining the formula is uploaded onto Local 500 website where vacation info is located.
