ATTENTION CASUALS

**The current work forecast is projected to be
EXTREMELY BUSY and is in an upward
trend.**

All Casuals are required to make themselves
available for work as much as possible.

If work shortages occur, rules will be
implemented to monitor Casual plug-ins.

Rules may result in minimum monthly plug-in,
shift restrictions, charges, fines, suspensions,
demotions, and possible de-registrations.

THIS IS YOUR WARNING!!

In order for rules not to be implemented there
must be no shortages due to low plug-ins.
